

Theme	<p>Dear valuable Partner;  believe with all our heart that beautiful days will come back and we will be very pleased to welcome our guest again.  We have already planned some measures and practices in order to protect the health and safety of all of us and to sustain it. We share these with you on below.  Side Royal Hotels Team / We Will Succeed Together!</p>	We
Staff health & safety and training	Demanding necessary health tests before employment of the staff. Daily fever measurements and documentations. Daily uniform changes by washing them every day .	
General disinfection	It will be disinfected in all areas by using disinfection materials approved by the World Health Organization and not harmful to human health.	
C/in procedures	In order to protect the general health of all of us and our guests who will arrive our facility,their fevers will be measured and their luggages and bags will be disinfected. Social distance rule will be applied at the reception.	
Room cleaning and disinfection	All room textiles will be washed daily at 75 degrees, after all c / outs, our rooms will be cleaned ,disinfected, well ventilated and made ready for the use of our next guest.	
Hand disinfectants and cleaning materials	Alcohol based, environment friendly and MSDS certified hand disinfectants will be available for our staff and for you, our valued guests, at every point of our hotel.	
Food & Beverage services and additional Hygiene measures	In our "ISO 22000 food safety management system"certified facility, additional health and hygiene measures will be taken in all restaurants and food preparation units.To minimize the contact with the foods , additional actions will be provided in our buffets.	
To protect the social distance in all areas	<p>1 - Restaurant: In order to reduce the intensity during main meal times and thus maintain social distance, our meal times will be divided into 2 periods for our guests and our buffets will be refreshed each time. Also additional measures will be taken to reduce hand contact with the foods.</p> <p>2 - Bars: all seating groups will be placed according to social distance rules. Our staff will use the necessary protective equipment during their service.</p> <p>3 - Beach &amp; Pool: Sun chairs will be placed according to social distance.</p>	
Animation & Activities	The social distance protective arrangements will be made for all animation activities. During the evening shows, the chairs will be placed accordingly. Instead external shows, the activities and performances that our animation team will prepare in this process ,will be waiting for you	
	Regular exercise strengthens heart health, lowers blood pressure, allows us to control body weight and strengthens our immune system. To empower you against the Corona virus (Covid 19) we increase our sports activities.
